

BET YOU DIDN'T KNOW!

1. Saint Patrick was born in Britain, circa 387AD and died 17 March 461AD.
2. At age 16 he was kidnapped by Irish pirates and sold as a slave to a Celtic priest in Northern Ireland.
3. After 6 years of enslavement, he escaped back to Britain.
4. Patrick came to view his enslavement as God's test of his faith, and he became deeply devoted to Christianity, through constant prayer. In a vision, he saw the children of pagan Ireland reaching out their hands to him. He grew increasingly determined to convert the Irish to Christianity.
5. Instead of attempting to eradicate native Irish beliefs, Patrick chose to incorporate their traditional rituals. He superimposed a sun, a powerful Irish symbol, onto the Christian cross to create what is now called a Celtic cross. He also used bonfires to celebrate Easter, since the Irish were used to honoring their gods with fire.
6. The shamrock, the symbol of Ireland, can also be directly attributed to St. Patrick. It is said he used the shamrock as a visual guide when explaining the Holy Trinity.

REFLECTIONS

“Just as a body, though one, has many parts, but all its many parts form one body, so it is with Christ. For we were all baptized by one Spirit so as to form one body ... and we were all given the one Spirit to drink. Even so the body is not made up of one part but of many.”

1 Corinthians 12:12-14

Paul tells us that the universal Church is made up of many individuals, but forms Christ's body. The same is true of any local church: It is made up of many parts, but all those parts form one local church.

I often reflect on how many different ministries of our church operate week in and week out. Each ministry is dependent upon people who give of themselves because they believe in our church's mission:

“Connecting people to God and to one another.”

Some of these people are highly visible, while others aren't. Still, all of them are vital to our mission.

This month, let me say “thank you” to all of you who give so much to our church. Thank you for loving God's people and giving of your time and talents to make your church the best it can be.

THE STORY OF ONE "SHELTER IN PLACE" CONNECTION GROUP

In the early days of the Coronavirus pandemic, it was not possible for small, Connections Groups to meet in person for fellowship, but there was still an interest in and a need for close fellowship. So, it was decided, in early April of 2020, that a group would form remotely, calling themselves a "Shelter In Place" Connection group.

At first, the group used a conference call format that linked everyone up by voice - it had its challenges, especially at first, as people had to learn how to take turns and not talk at the same time. A format that focused on getting to know one another, prayer together with a little recorded music and discussion of that Sunday's sermon was decided on. Too, there was a lot of laughter and good humor. Soon, the group of 5 couples and one single was off and running.

Not too long after forming, the group decided to add the use of the "Zoom" technology to the weekly meeting, so participants could see one another as well as hear each other. Some were skeptical that this would work (or that they could master the technology to participate), but it DID, and a new dimension was added to the group's interaction and, by all accounts, it functions almost as good as a real, face-to-face Connection group: after all, we were meeting in our homes, in informal dress and with the same "getting to know you" culture that goes along with GOCC's "Connecting People to God and to one another" approach.

Over the next two years, couples and individuals have, for a variety of reasons, come and gone. But a core group has remained and prospered together. That doesn't mean there hasn't been sickness, family challenges, and difficulties but the group has been there for one another and that has made a BIG difference. Led by Shirley and J.B. Kump the group currently has six couples and one single. "It is our plan for several of the group members to start other Connection Groups of their own soon," says Kump. "We will never be totally disbanded, even though we may not meet on a weekly basis eventually, but we want others to experience the same fun and fellowship we have enjoyed, and the only way that can happen is if we spread the concept by forming new groups."

In recent weeks there have been some opportunities for the group to gather together with each other, face-to-face but the weekly meetings are still, for the most part, over the zoom connection. "That makes things easier when some of our members have to be up North," says Pastor Kump. "We see a different background sometimes in people's homes, but we are still able to connect, and that's important."

"It is our plan for several of the group members to start other Connection Groups of their own soon," says Kump. "We will never be totally disbanded, even though we may not meet on a weekly basis eventually, but we want others to experience the same fun and fellowship we have enjoyed, and the only way that can happen s if we spread the concept by forming new groups."

If you would like to form a Connection group of your own, or if you would like to belong in such a group, contact J.B. (321) 543-1608, or Shirley Kump (321) 544-6302 to learn more.

TOUR OF HARRY P. LEU GARDENS FEBRUARY 17

A combined group of singular group members and couples from Great Outdoors Community Church car-pooled to an old suburb of Orlando to tour Harry P. Leu Gardens on Feb. 17. On the way home the car-pooling group stopped at an Olive Garden restaurant for lunch.

Not only did the group see some amazing imported and domestic botanical wonders in a lovely, rural setting, but they also learned some of the most interesting history of the former owners of the estate while touring their historic home. As it turned out, and by "chance" a couple from outside the tour group joined the tour of the Leu home only to learn that one of the outsiders was actually a relative of the donor families of the estate who had visited there as a child, before it was given to the city to become a public resource.

Plans had included hiring a bus to transport the group to the Botanical gardens from the church, but insufficient numbers signed up and, instead several drives took their cars in a car-pool to transport the 17 participants in the tour.

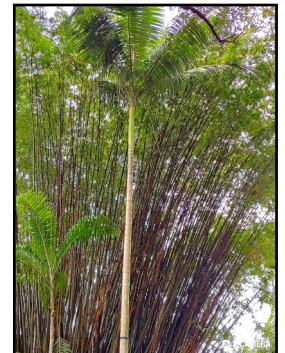

Shirley Kump posed near one of the many helpful signs posted all around the gardens, making it possible to do a self-guided tour.

Many botanical wonders, including a bee gathering pollen on a lovely white blossom. There were plenty of insects, birds and wildlife to see.

Thousands of plants and tree species at Leu Gardens, but there are many varieties *within* species! For example, these are 2 of the many types of bamboo that grow in the gardens.

Rob (in dark blue shirt on the left) was the volunteer tour guide who led our group during the hour long walk through the gardens.

The GOCC group learned a lot from the tour guide, who said we were a much better disciplined group than the last one (**5th graders**) he led on a visit!!

All 17 of the GOCC tour group paused for a "formal" portrait at the Leu Mansion in the middles of the 50 acres.

**THEIR 50-YEAR-OLD WALLS ARE COLLAPSING!
Pakistan**

Compassion Ministries has put up a temporary tent wall for a covering to protect all the families that live on campus. The government requires them to build a new 9-foot-high wall with 3 more feet of barbed wire on top. They are surrounded by antagonistic neighbors. They are quite vulnerable right now, and they would very much appreciate our prayers.

GOCC has sent them an emergency gift of \$1,000 to help them to rebuild the wall. If you personally would like to help, you may give through the church.

COMPASSION MINISTRIES

Students and faculty live on campus, where they grow their own food. About 25 new pastors graduate each year. Most start a new church within the year by their brave witness.

PRISON BOOK PROJECT is mourning the passing of their beloved founder Ray Hall who went to be with the Lord on February 10, 2022, at the age of 87. After working two full careers (one of which was launching Titan rockets) he “retired.”

But a simple desire to donate a few good books to help prisoners led him into starting what has grown to be the largest Prison Book Project in the world.

Publishing companies now ship them truckloads of new books which they then prepare and send on to over 2,700 prisons and jails around the country and into Canada and Mexico. In the last 27 years, many thousands of lives have been touched and changed forever through this ministry.

Last year they received over 11,000 letters of grateful thanks.

GOCC has had the privilege of supporting this work, not only financially but through the many members who have actively taken part in stamping and shipping all those books.

Now that Ray got to see his dream of acquiring a decent building (just last year!) the work will be going full steam ahead, led by the Prison Book Project board and Ray’s hardworking wife Joyce, along with many volunteers who have been very inspired by all those letters.

They need more volunteers. Maybe you.?!

**If you would like to help stamp books a few hours a week
please call their office, 321-269-4100
or talk to Lynda Shaw during Fellowship Time**

Special donations, in memory of Ray may be given during the offering at church or to the office.

In addition to his many other talents, Ray was a good poet.
This was shared at his Memorial service:

The Promise by Ray Hall

The dead are not dead,
They have only gone home.
A comforter is sent us,
we are never alone.
Why then should we mourn,
For we surely should know—
Our Father in heaven has said it is so.
Rejoice that our loved ones
Are up there with him;
Their cup is not empty but full to the brim.
Can we even imagine such a wonderful thing,
To be there with Jesus and worship the king.
No gift we could purchase could ever compare
With that free gift of Heaven
Someday you will share.
